The BodyHoliday at Le Sport www.thebodyholiday.com

We think it's only fair to expect a truly world-class holiday destination to work on more than one level. So yes, expect to relax and to feel your pulse begin dancing to a slower beat. Wallow in beauty, and be cushioned by luxury, consideration and the best available care. We've won "Best Spa in the Caribbean" year after year, so why don't we call ourselves a spa. With a programme of treatments and facilities that go far beyond the average Hotel Spa, you would think we would. But this is a holiday.....You can have as much adventure, well being and pampering as you want and still be in a fun filled luxury beach resort in beautiful St Lucia. But once you leave, those internal clocks soon pick up speed again. Tans fade, massaged muscles re-tighten. Which is why The BodyHoliday's about more than just the here and now. It's about you, and about how you'll feel in years to come. Who knows what you'll take away? You might iron out a kink in your golf-swing, meditate daily, learn some relaxing stretches, how to manage stress or, maybe, just find a moisturizer your skin falls in love with. Not to mention eating well!

Cotton Bay Village www.theplantationoncottonbay.com

Cotton Bay Village is one of the newest holiday experiences in the Caribbean. Cotton Bay Village is not a hotel and it is not a traditional resort. It is perhaps an ideal cross between a private villa self catering holiday and a destination resort. It is a small Village on the East coast of Simply Beautiful Saint Lucia and even though visitors may feel as though they are miles from anywhere because it is so peaceful, the beauty is that it is a stone's throw away from bustling Rodney Bay, just five minutes across the golf course and then a short drive to the shops and restaurants that abound there.

Typically guests here spend time exploring our beautiful island and take advantage of the many beautiful things to see and the exciting things there are to do. The staff at the Visitor Centre can help to arrange virtually anything and are always on hand to call for help and assistance. The Village is an entire experience of St Lucia in itself. The Village consists of a collection of Luxury Villas, townhouses and apartments. There are two restaurants, a convenience store and boutique, a Deli, Kids club, and a state of the art spa and fitness center. Of course right on the door step there's an 18-hole golf course as well.

It's easy and safe to walk around the Village and because the tropical sun is a trifle hot the walkways are wooden boardwalks so the notion of barefoot elegance is everywhere you go! It's a perfect home away from home and an ideal base for exploring one of the Caribbean's most beautiful islands. With the safe beach and shallow Ocean waters at Cotton Bay, it is a great location for families. It's not the place for people who like big crowds but a place to spend with family and friends in luxurious accommodations in a quiet Village atmosphere
