Please note some jurisdictions restrict movement for a period of time upon arrival, either within a designated area, hotel grounds or a corridor within the destination. Most jurisdictions currently allow movement within the countries/territories with adherence to masking and physical distancing upon arrival and proof of negative tests as a requirement for entry. Individuals testing positive upon arrival should be prepared to be isolated until they test negative. The quarantine period for fully vaccinated* individuals who test negative will be waived or reduced. Destination links should be checked regularly for more details and updates.
